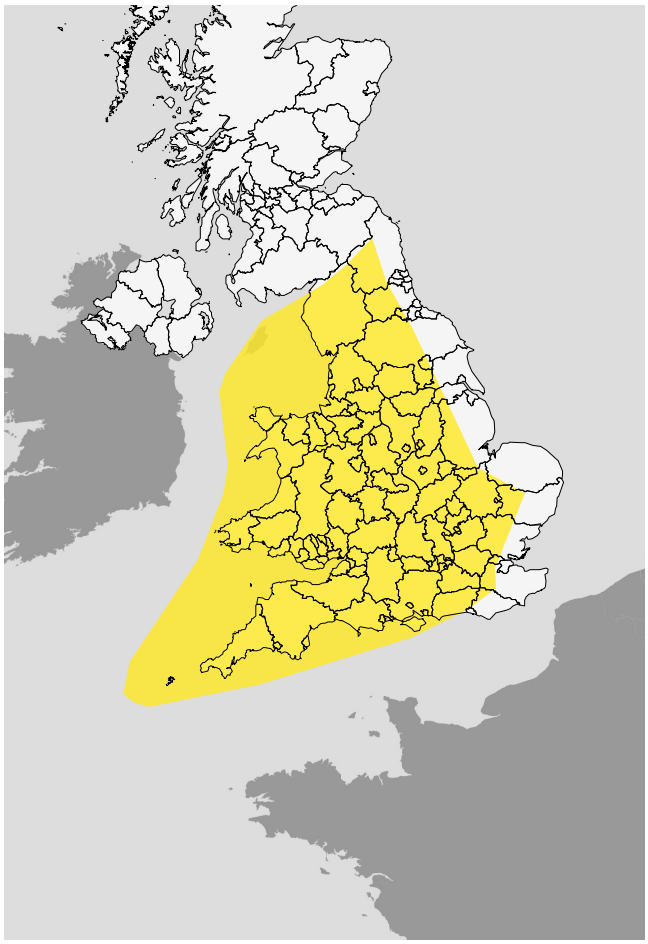
Yellow warning
Thunderstorm

Between
00:00 Wed 12 Aug 2020 and
23:59 Wed 12 Aug 2020



Some places are likely to see further severe thunderstorms, with a small chance of flooding and travel disruption.

What to expect

- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost
- There is a small chance that fast flowing or deep floodwater could suddenly occur, bringing a danger to life and extensive flooding of homes and businesses
- There is a slight chance of damage to buildings/structures from lightning strikes, hail, or strong winds
- There is small chance that spray, sudden flooding, standing water and/or hail will result in rapidly changing, dangerous driving conditions
- If flooding occurs, road closures are possible, with long delays and cancellations to bus and rail services
- There is a slight chance power and other essential services, such as gas, water or mobile phone service will be lost

Yellow warning
Thunderstorm

Between
00:00 Wed 12 Aug 2020 and
23:59 Wed 12 Aug 2020

Further details

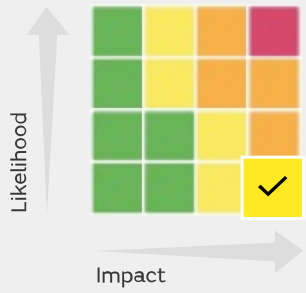
Whilst many parts will see a good deal of dry weather, areas of thunderstorms are likely to continue to develop over parts of the UK on Wednesday, particularly later in the afternoon.

Many places will stay dry. However, where the storms occur they will be intense. Rainfall totals of 30-40 mm may fall in less than an hour, with a small chance of 60 mm falling in an hour and 70-100 mm falling in 2-3 hours. Large hail, frequent lightning and gusty winds will be additional hazards.

Most thunderstorms will die out during the evening though a few may continue in to the night.

Reason for update

The warning has been moved to into the high impact column given the potential for some very high rainfall rates in a short period of time on Wednesday afternoon/evening.



Very low likelihood of high impacts
